

**REMARKS/ARGUMENTS**

Applicants request entry of this amendment in accordance with 37 C.F.R. § 1.821-1.825. Applicants submit a copy of the sequence listing in CRF format for the instant application. The sequence listing in CRF format was prepared using PatentIn Version 3.1, and is identical in content to the sequence listing in paper format submitted as part of the instant application. A paper copy of the sequence listing filed with the application is submitted for the convenience of the examiner. The CRF sequence listing does not go beyond the disclosure of the instant application as originally filed. Therefore the sequence listing in CRF format is not new matter.

The specification has been amended to correct the sequence identifier (SEQ ID NO) in ¶51 to conform to the sequence listing filed with the application. This amendment is also not new matter.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 650-326-2400.

Respectfully submitted,
